

FLEXI NARROW AISLE

Flexi EURO AC

Full 1800kg lift capacity

Create up to 30% more warehouse capacity

Flexi EURO works in just 1642mm (EURO) or 1762 (ISO) aisles to BITA GN9 (FEM) standards. Handles Euro Alliance pallets in 2m aisle to DNN 15185 standard.

Lift heights to 7.9 metres

Designed to bring Flexi articulated space saving and handling efficiency to users of all popular pallet types.

Stacking performance

Unique 1000mm wide chassis and "Artic" over rotate feature allow block stacking of pallets and drive in rack operation.

Triplex or duplex mast

Lift mast options include triplex full free lift or duplex limited free lift, to suit most operating conditions.

 **EURO AC**

COMPACT FRONT AXLE AC POWER

Latest AC technology for fast acceleration and safe controlled braking. Integrated fault finding and monitoring. Easy turning in very narrow aisles.

FORWARD FACING SEAT

High quality adjustable full suspension seat with operators lumbar support.

EASY BATTERY CHANGE

Low rear lift off or roll off for fast changeovers. Good access for battery topping. No motors underneath.

HIVIS OVERHEAD GUARD

The unique 'Hi Vis' twin cost safety guard combines maximum visibility and overhead protection for the operator.

STEEL PLATE REAR COVER

Detailed steel plate rear panel protects traction battery. Narrow 1000mm wide rear chassis allows block stacking and drive in rack operation.

TOUGH CUSHION TYRES

Flexi EURO front cushion rubber drive wheels provide excellent grip and traction in slippery conditions when fully loaded.

TILTING "CLEAR VISION" MAST

Flexi's famous "clear vision" mast is available in either triplex or duplex format. Integrated side shift fork carriage is standard.

PARCEL BAY

Conveniently located behind the operator and suitable for carrying a roll of plastic film or any other material that needs to be close to hand.
